Answer Key

一、

1. The number of online learners increased because online education is flexible.
2. When the factory was closed, air quality improved in the area.
3. Traffic congestion has been reduced because many people prefer public transport.
4. Although some students find online learning difficult, it provides greater flexibility.

二、

5. Children can benefit from technology if it is used appropriately.
6. The government introduced strict laws so that pollution could be reduced.
7. Although pollution levels are high, people continue to use private cars.

三、

Although private cars cause serious pollution, people continue to rely on them, if public transport is not convenient enough.
